AMERICA HAS 6,000 DRINKS.

Astonishing Number of Intoxicating Beverages That May Be Had on This Continent.

"We have 6,000 intoxicating drinks in America," said a temperance lecturer. "That, I believe, is the record."

"Expert as our bartenders are, they have none of them mastered the entire American drink question, and they would throw up their wet hands if a man asked for a bak-no-ma-shalo, a cacasha, a sam, a larangina, or even a mescal."

"You see, all the races that compose America introduce here the drinks of their old homes. Bak-no-ma-shalo and sam are oriental cordials, sweet and perfumed and nasty, that our soldiers and sailors learned to like in the Philippines."

"A larangina is a delicate, slightly acid, refreshing drink from South America. It is a wonderful mixture of the leaves, flowers and fruit of tropical plants—orange, banana, lime, pineapple, lemon, chocolate, mango, guava, tamarind and I don't know what."

"Mescal is a Mexican abomination made of the cactus. It goes down like a ball of cactus thorns."

"Cacasha is a powerful sugar-cane rum that the Jamaicans distill illicitly. For one cent you can buy a pint, though half a pint is quite sufficient."

Wrong Estimate of Success.

Dr. Elliot, lately president of Harvard university, said recently at a reception in New York: "My career appears to strike a considerable number of people as a successful one. People congratulate me on what they call my success. But my career has certainly not been successful in what is considered to be the American idea of success in terms of service—service to the community. Now, does not this refute the common opinion that the American estimate of success is a pecuniary one?" Dr. Elliot then related an incident in one of his travels by boat when the vessel's officers came to him and said: "We officers want to ask you a question. We know you are a smart man. We want to know why, being a smart man, you are not rich?" Dr. Elliot did not repeat his reply, but concluded his remarks on the subject by saying: "The real American estimate of success in the world is serviceableness and not wealth."

Swearing to Validity of an Excuse.

Kissing the book seems to be on the point of being consigned to well-deserved oblivion, and England might easily take pattern by the form of oath that obtains in the Channel islands. The 12 rectors are ex-officio members of the States of Jersey, and in common with other constituent elements of the same body they may frequently be seen with the uplifted hand swearing to the validity of the excuse that another member is absent through illness. The custom has been handed down from a Norman ancestry that ever recognized the sacred finality of putting a man on his oath, and emphasizes most strikingly the parallel values of the right hand and of a man's pledged word. "Poingdestre" is still a Jersey surname.—The Guardian.

'Twas a Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctor did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, coughs and colds, hemorrhages, hay fever, influenza, asthma or any bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial bottle free. Sold and guaranteed by all druggists.

LAS VEGAS--SANTA ROSA AUTO LINE

The Las Vegas-Santa Rosa auto mail, express and passenger line is now in operation. The auto makes the round trip between Las Vegas and Santa Rosa three times a week, Mondays, Wednesdays and Fridays. The auto leaves Murphey's drug store at 7 a. m., visits both post-offices and leaves Winters' drug store on the West side for Santa Rosa. Tickets can be purchased at either Murphey's or Winters' drug stores. The round trip fare is \$11; one way \$5. Each passenger is allowed to carry not to exceed 25 pounds of baggage. Express packages are also handled and can be left at either of the drug stores mentioned.

Cholera Infantum Cured.

"Something like two years ago my baby, which was then about a year old, was taken seriously ill with cholera infantum, vomiting and purging profusely," writes J. F. Dempsey of Dempsey, Ala. "I did what I could to relieve her but did her no good, and being very much alarmed about her went for a physician but failed to find one, so came back by Elder Bros. & Carter's store, and Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely." For sale by all dealers.

Strange as it may seem, it is possible to buy uncut diamonds at cut rates.

Disagreeable at Home

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition, its the liver. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Center Block Depot Drug Co.
